

The Cornell Farmworker Program and
Finger Lakes Community Health (the clinic)

invite farmers, service providers, and community members to the following English webinar

***“COVID-19: What we now know, reopening safely,
and guidance for social situations”***

Jose Canario, M.D., Medical Director of Finger Lakes Community Health
will give an update of COVID-19 research, discuss safe ways to go out under “reopening”, and
appropriate behavior during social settings.
The webinar will be moderated by Mary Jo Dudley, Director of the Cornell Farmworker Program

**Tuesday, July 28, 2020
4PM-5 PM (ET)**

You must register first to RSVP for the webinar. You will then receive instructions on how to
connect to the webinar on the 28.th If you have any questions, please call/text 607-224-8821.
